Frank Faillace is on vacation this month. His column will return next issue.

In the meantime, *Willamette Week* has bestowed another award to one of our favorite strip clubs and security guards...

**★ BOP sex**

**BEST DOORSTOPPER**

When you're strutting through the door of a hoochie-coochie joint called *Sassy's Bar & Grill* (927 SE Morrison St., 231-1606), you better watch your manners or you might end up playing practice pole for a caber toss. Looking like he could take down Cormor MacLeod from *Highlander* with one hand, while keeping the strip-club peace with the other, is Portland's very own Highlander bouncer, *Spike*, a.k.a. Alex Hawk.

While many of the big fellas that watch over our watering holes can be pretty fearsome, Spike's slick-shaven tattooed head and 6-foot-4-inch, 300-pound impressive bod—sporting a *Ullikilt* (find this modern version of the Scottish classic at Northwest-based his [www.utlikilts.com](http://www.utlikilts.com))—takes the intimidation cake. After all, when Hawk's not blocking the porthole to skintown he's training for this month's Portland Highland Games. But there's no need to avoid his gaze, boys. After all, any man who wears a skirt has a softer side—somewhere.

CAFE & COCKTAIL LOUNGE

SW 3rd & Burnside • 503.226.6630

Finally it's August—the one month in Portland when you're guaranteed to feel some heat. And finally the toes come out of hiding!

On the first hot day of the year—usually we get one in May—I go into my basement and unearth my enormous box of summer shoes. I line them up against the walls of my bedroom and then try to wear every pair before Labor Day. This is not an easy task. I own at least 150 pairs of shoes, and a disproportionate number of these are totally impractical summer sandals, stilettos and mules.

I relish the challenge. In winter I roll out of bed and put on a pair of jeans, a black cashmere turtleneck and boots every goddamn day. But summer's a different story. I spend hours in front of the mirror, tearing apart my closet to find the perfect outfit to accompany my chunky platform heels with comic strip straps. Or something special enough to pair with the \$350 Chanel sandals (with shiny sculpted metal heels, cork soles and flesh colored satin bows) that my ex-boyfriend bought me.

Speaking of boyfriends, man was he great! When I met him he was squeamish about feet. Disgusted even! About four months into it, I laid down the law: if he was gonna date a stripper—lucky bastard—he was gonna have to rub her feet. Well, the boy took to it like a baby to the breast. By Valentine's Day he was taking me shoe

*"I've even started rubbing his long, skinny, horribly calloused feet and kissing his hairy toes!"*

shopping regularly, and by the end of our five years together he was rubbing my feet every morning—in bed— while he read the paper and drank his coffee.

Cut to New York, where I dated a ready-made foot enthusiast. He was a singer, songwriter and producer who had a studio in the building where Madonna got her start and the Strokes rehearsed. One night in the vocal booth, he coaxed me out of my boots. He sucked on my toes and rubbed my feet until he was rock hard. My feet returned the favor, rubbing him until he came. Then, in a perverse reverse Magdalene, he carefully massaged his cum into my feet until they were soft as bunnies. Well, that put a spring in my step!

Fast forward to present day, when fate finds me in love with a man who doesn't believe in love. Or rubbing feet. "Asshole," as I affectionately refer to him, insists that giving a gal a foot rub is degrading. And believe me I broke up with him when I first heard this, only to crawl back a week later—sore feet and all. Faithful regulars at the titty bars have promised to beat him up, and of course I encourage them. I don't mention how I ask him to marry me on a regular basis. Every stripper in town has told me to lose the bastard, and truthfully I have TRIED... every other week for the last six months! But I keep crawling back, and am getting surprisingly good at it. I love the bastard. I love the challenge. I love LOVE.

My sweet darling foot rubber wanted to marry me and I kicked him to the curb. My New York toe sucker calls me every week to remind me that I will bear his children. I play along, but my heart's not really in it. No, no. It's Asshole for me. I've even started rubbing his long, skinny, horribly-calloused feet and kissing his hairy toes! Meanwhile my feet have gone unadored for a year and my Boots-Made-for-Walkin' have walked out on me in disgust.

Love may be blind, but it is obviously deaf, dumb and stupid as well.

\*\*\*\*\*

*The Exploding Hearts have left the building. They rolled their van July 20th on their way back from San Francisco, where they had just been signed by Lookout! Records. Adam "Baby" Cox, Matt[lock] Fitzgerald, Jeremy "Kid Killer" Gage and Terry Six were featured in February's Exotic. They had perfect record collections, loved a good love song and fully knew how to rock. Adam toured with several bands before the 'Hearts, including my band Coco Cobra and the Killers. I adored him! He was Keith Moon on drums, a guitar savant and a natural-born songwriter, as Guitar Romantic will attest. Any of us who knew these guys felt really fucking lucky. We still are. Exploding Hearts bass player Terry survived the crash. We love you, Terry!*

# what's your fucking problem?

ADVICE FROM DEMI MONDRINE

Why did the guy cross the road?  
He heard the chicken was a slut.

I was never a whore. I'm a very sexual person and have had a multi-

tude of partners, male and female, but no one can call me a whore. Technically, I'm slutty.

Slutty, cheap, trampy, easy, loose.... Whatever you want to call it, I have always enjoyed sex and was never afraid to rack up as much experience as I could cram into me. But the one thing that has always rankled me has been the double standard about being a slut. A slutty guy is idolized. Slutty girls are pariahs. However, you must realize that the reason we bad girls are so good is 'cause we've been in the hands of a few professionals (or—OK—a million amateurs).

Recently I was having a few beers with my boyfriend and his old band mate. They were swapping stories of glorious youthful conquests. Backstage and on the road there were sluts a-plenty, god bless em' (you love a slut when you're IN her). Then a new term came up : Double-Dipping—fucking two girls without showering in between. The D-D stories ended with much guffawing and clinking of beer bottles in salute.

Inspired, I spoke of my own D-D adventure. I was sixteen years old at a punk rock party screwing this boy—we'll call him Matt. And I was thoroughly disappointed. I excused myself from his bed to go get some beer and ran into his roommate—we'll call him Cal. Cal and I had a beer, started making out and soon rolled out of the party and into my big blue Volaré where WE start goin' at it. The sex was much better and we were having a grand ol' time when we became aware of someone watching us through the back window. By the shape of the silhouette and its reaction, it was painfully obvious that it was my mount from thirty minutes earlier—Matt. We hid pitifully under our spiky leather jackets we had been lying on, but it was too late. We were stone cold busted. Matt took off and Cal and I felt bad so we hurried up and finished fucking. Cal took off to find his roommate to explain that I was just a slut and not to take it so hard. I slunk off into the night knowing that I'd done something awful, and that it would make a great story one day.

So I'm laughing while telling the story to the two rock'n'roll ex-Casanovas who are looking a little numb. A sickly half smile is stuck on my boyfriend's face.

**"A slutty guy is idolized. Slutty girls are pariahs."**

"Turns out Matt was a virgin and didn't tell me about it. That's probly why the sex was so bad. Now he's come cartwheeling out of the closet and manages an Urban Outfitters in Massachusetts someplace."

I chuckle and swig the last of my beer. The guys are silent.

"Whore," my honey finally says, in the nicest way possible.

"You're such a DUDE," offers the other, appalled and avoiding my eyes.

The energy shifted. What had been a spirited conversation of conquest and teenage lust moments earlier was all of a sudden a little uncomfortable.... and quiet. My boyfriend broke the silence with some machine-y thing he saw on eBay and they were off again, happy men talking about happy man stuff.

Should I put the wooden bindings back on my big whore feet, shut my fat whore hole and sew up my whoring cunt and get me to a nunnery? Are we still there? Are we still where girls who do are bad, boys who do are rad? Come on now. Science has finally given us plenty of tools to keep sex strictly recreational for everyone, thank heavens. Could we please catch up socially?

I know you want the Good Girl, the one who says NO to everyone except you, her sweet little Lip Smacker mouth spiked with Dentine Ice as she asks, "Am I doing it right?" But when she says no to you, too (and she will, honey), guess who you'll come lookin' for? Me, that's who. X

### HOT! HOT! HOT!

Heading south? Salem's **Firehouse Cabaret** and the **Silver Dollar** in Eugene are hosting Beach Party Weekends on August 15th-17th and August 22nd-24th, respectively. Friday and Saturday nights feature wet t-shirt contests and Sundays promise fabulous Grand Prizes.

**Stars Beaverton** is hosting a Bad Girls Party on August 30th (23rd in Salem), featuring the best bad girls in town and lots of bikes! From 8-9pm, Destination Harley will present a fashion show. The motorcycles start their engines at 9pm. Wanna ride a wild girl to the stage to strip? Call Rick @ 503-440-0784.

Stars has awesome specials this August every Monday, Wednesday, Thursday and Sunday. See their ad for details (and definitely don't miss H2O Wednesdays!).

The Pharaoh Room is now open at **Cleopatra's Viewpoint**. Come to the Grand Opening on August 18th to get your half-price V.I.P. Membership!

## STACEY FROM SASSY'S WINS BOOB JOB CONTEST

The finals for the Win a Boob Job Contest were held at Stars Cabaret in Beaverton on July 10th, 2003.

Stacey—a bartender at Sassy's—charmed and seduced the audience and the judges and walked away with the grand prize: breast augmentation compliments of *Exotic Magazine*.

The \$200 second prize went to Kat, who put together an elaborate *Grease* strip show. Third prize was awarded to Carmen, who walked away with a \$300 gift certificate from Cathie's.

**STRIPPERS TURN UP THE HEAT AT ROCK-FEST**

KUFO's RockFest was a huge success! The visiting rock stars got a real Portland welcome when the hottest strippers in town showed up backstage to entertain them. The girls had a blast dancing for all the bands, including Korn and Disturbed, in a massive air-conditioned tent with state of the art sound and lights and all the free beer they could drink. For seven hours the girls danced and seduced the rock stars at their rack (and nearly every KUFO employee).

*The band Disturbed performs for an estimated 18,000 fans.*

*Holly watches the bands with the Porcelain Twinz.*

*KUFO personality gets a slice of the pie.*

*Holly puts the moves on an eager beaver. What you lookin' at, girl?*

*Amber tells Santa what she wants for Xmas!*

*Busted and strip-searched against the Korn tour bus.*

# gay 'bout me!

## my sexual fantasies about myself

**M**y lover awaits me every night in my bed. Under the soft, velvety moonlight, I approach him. Cool shafts of lunar light accent his strong arms, his vaguely Jewish nose, and his burning blue eyes. He is the perfect man, a man among men—almost as if Adonis, Montgomery Clift, and Stone Cold Steve Austin got together and figured out how to make a baby. There are other men, to be sure—about three billion at last count—but there are no other men who I'd like to, you know, do. But not only do I want to do him, I want to do him and do him, and after that, do him after he's been done. I want to De Doo Doo Doo, De Da Da Da him. I want him so badly, I could pop a load right here and now. We both know that I am here for his pleasure. He can smell my lust as if it's a day-old baloney sandwich and winks playfully, beckoning me to slip under the tasteful, zebra-striped sheets.

To my horny delight, I observe that he has already “pitched a tent.” I reach under the covers and forcefully grab his pink burrito. Squealing like a Vietnamese potbellied pig, he arches his back ecstatically as if struck with a bug zapper.

“Do you like when I do that?” I ask him with equal measures of playfulness and super-playfulness.

“Oh yes,” he gasps as if running to catch a bus, “I *lllove* it when you do that!”

“Do I know how to touch your pee-pee better than anyone else touches your pee-pee?” I query him like a schoolteacher ready to flunk a student if he doesn't give the correct answer. “In other words, am I the best pee-pee-toucher you know?”

“God, yes,” he painfully grunts as if a chicken bone is lodged in his esophagus, “you're the tops! The very tippy-tops! The zip-pety-doo-dah tippety-tops! And I'm not just saying that!”

“Howzabout if I pinch your nipple?” I beseech him.

“Thanks for beseeching me,” he says. “Yes, please—pinch my man-nip as if it were a strawberry you were testing for ripeness at your local produce store. Pinch one, then the other, then the first one again, 'til they stand firm and pointy like pinkish Hershey's Kisses.”

As I squeeze his nips, he flaps and flails like a speared fish and makes a screeching sound not unlike that of the giant pterodactyl in those Japanese monster movies. He's havin' a GOOD time.

“How about your armpits, laddie?” I ask. “Should I gently run my fingertips around your armpit area, hovering ever-so-slightly above the soft, pale skin as if I were a fat old grey-ponytailed lady in a poncho performing Reiki healing?”

“I would never be able to talk to you again if you didn't pay some erotic attention to my ultra-sensitive armpit area,” he admonishes me. “I wouldn't send you birthday balloons, and I'd erase your number from my cell phone.”

Fearing such abandonment, I move my bony, veiny, ten-years-older-looking-than-the-rest-of-me fingers around his armpit area like a gentle wind softly blowing the sands of the Sahara. He screams as if being stabbed repeatedly by a gang of street toughs, only his screams are those of pleasure...I think.

“Would you like it if I sucked your dick?” I ask, growing as bold as a used-car salesman. “Would it feel good if I just wrapped my lips around your Love Pole and started chowing down as if it were a spicy hot link and I were a Mexican migrant worker on a fifteen-minute lunch break?”

by jim goad

“There is nothing on earth—nor on Mars or Venus—that I would love more than if you were to suck my dick,” comes his earnest reply. “If you were to suck my dick, it would be as if a giant slingshot sent us catapulting into the astral plane, where nose hairs never grow and you can eat all the donuts you want without gaining weight. But both you and I know that this will never happen. You will never be able to suck my dick.”

“WHY?!?” I pout, as if told that Santa wasn't real.

“Because you just aren't limber enough,” he says.

“How hard is it to suck someone's dick?”

# "If I were able to clone myself, I'd marry myself in Hawaii or the Netherlands, or wherever it is that allows same-person marriages."

"Almost impossible," he counters, "if it's your own dick, Jim."

"Whatever do you mean?" I ask, flabbergasted.

"I mean, NIMROD"—he sits up, quickly losing his erection—"that this is only a dream, and you're only having sex with yourself."

"You mean that YOU'RE ME?"

"That's right, Einstein—I'm you, and you're me. I am he as you are he as you are me and we are all together."

I suddenly awake, hard as a rock, and finish the job... sadly, with my hand rather than my mouth.

**I DIDN'T NEED TO LOOK FAR** to find my perfect lover. I didn't need to look at all. It's always been right there, under my nose.

If I could clone myself, the first thing I'd do is have sex with myself. I'd grab myself by my greasy hair, shove myself into bed, and launch into the most perfectly symmetrical '69 in world history. Who knows my dick better than I? Who, indeed, has touched it more than I? Who is more intimately involved with my brain's pleasure center than I am? Who knows when to go harder or softer, faster or slower, like I do? Aided by the miracle of cloning, I'd become my own sexual biofeedback machine, lost in the forbidden joys of onanistic solipsism.

If I were able to clone myself, I'd marry myself in Hawaii or the Netherlands, or wherever it is that allows same-person marriages. I'm my perfect match. I not only grasp my physical needs, but also my emotional needs. No one else could possibly understand me as well as me and myself understand each other. I know and accept all of my darkest secrets. I'd never get into a fight with myself due to miscommunication. I would take care of myself, and myself would take care of me in turn. I'd walk hand-in-hand with myself, strolling through an apple grove, telling myself jokes.

I wouldn't kick myself out of bed, I can tell you that much. I fancy myself. When I see myself walking down the street, I get a tingly feeling. When I catch a glimpse of myself in the mirror, I think, "Oooh—I wants me some of that!" I'm a complete fag about myself...but nobody else. I don't want to have sex with other men, because I can't see how it would be pleasurable. I don't like the stink of men. Don't like their bodies. Don't share many of their interests or insecurities. I am disgusted by other men, yet tantalized by myself.

Opposites attract? Not in my case.

I am attracted to a man—myself.

But I'm not technically gay.

Just gay 'bout me.

As a friend once said to me, "What's the only thing cooler than Jim Goad? TWO Jim Goads. And what's cooler than two Jim Goads? Nothing. There is *nothing* cooler than two Jim Goads."

It would be arrogant for me to disagree.

You can call me all the homo names you want, and I still wouldn't want to have sex with you—only myself. Me and my good pal Sigmund Freud have found that the biggest homos are ALWAYS the ones who make a point of telling you they aren't homos, always the ones who are calling everyone ELSE homos, always the ones who are obsessed with homosexuality far more than any out-of-the-closet homosexual. So go ahead, ya repressed nelly-boy—tell me you've never touched a dick. Not even your own, right? And pretend you've never tried—and failed—to suck on your own wang-a-dang-diddly-dang, you lying Fag-a-Tron.

Civilization is built upon the fact that 99% of men are unable to suck their own dicks. If most guys were able to do this, as the joke goes, they'd never leave the house. Our entire infrastructure would crash to the ground as most men sat at home, eternally gobbling their own cocks.

Only one percent of men are said to possess the magical combo of penis size and spinal dexterity to be able to self-blow. If a dog licks his balls because he can, it follows that the only reason men don't suck their own dicks is because they can't. There's a rumor, probably false, that the ugly-girl-looking rocker Marilyn Manson had one or more of his ribs removed so he could auto-fellate. And there's an online joke that speculates Adam—the first man—originally had his rib removed for similar reasons.

Sucking my own dick would bring closure...the circle would be complete. I would become Ouroboros, the snake eating its own tail, a self-sufficient mythic creature eternally reproducing through mitosis and auto-fellatio.

Let the yoga classes begin!

# WHAT'Z CRACKIN'?

What up homies and homegirls? It's August and this month I'll be featuring one of the hottest clubs in downtown Portland. I'll also be introducing you to NStyle Photography and its founder Mr. Askia "Sonni" Phillips. Most of the pictures you've seen in my articles have been taken by him or one of his affiliate photographers, including some of the "Honey of the Month" photos! Last month I checked out Chingy at The Red Sea which is this month's featured nightclub.

## First Up—NStyle Photography

I have had the pleasure of knowing Sonni for many years and the photos this cat has in his collection will trip you out. He has taken pictures in just about every club and concert in Portland, Oregon. He also flies in and out of town to extend his services to different promoters and artists in the entertainment business. He probably has some pictures of you, yo baby mama, your boyfriend, your girlfriend, your ex, along with a host of well known celebrities and a gang of chicks showing off their "thongs" and other thangz.

Sonni has been in the business for over twenty years and is definitely one of the best photographers around. Next month NStyle Photography will be at Kevin Berry's "Old School Party" August 8th at Shenanigans on Swan Island and Labor Day Weekend at Z100's "Last Chance Summer Dance" at the waterfront.

## Next Up—Do you know this girl?

She's super friendly and has a real cool personality. She's the type of girl that's always down to listen to your problems and give you good advice. She's very smart and down to earth. Her only problem is that she's not cut out to be a stripper, but nobody can tell her that. She has the attitude it takes but not the body. She never ever gets asked for a table dance and her outfits look like thirdgrade swimsuits. She's not a pretty site but she's hella nice. Her grill could use about \$20,000 dollars worth of dental work. Her perfume always smells better than she looks. She's very sweet but far from sexy. Her routine on stage is upsetting, and painful to watch. The owner won't fire her because she gives good head!!! She often hates on pretty strippers, but still wants them to like her. She walks around the strip club like she's worth a million bucks, but by the end of the night, she can barely afford to buy a beer and a pack of Top Ramen. We have all seen this girl and wondered to ourselves, who in the fuck told her ass she should strip? If you know this girl, give her a hug for me and tell her McDonald's is still hiring. ONE!!!

## IN DA CLUB at The RED SEA

Truthfully ya'll this is one of my coolest spots to kick it at. The entire staff knows how to treat people and the music is always on point. The security is some of the best in the City and very few problems have ever occurred there. Recently Jammin' 95.5 brought "Chingy" to the Red Sea and it was on and crackin'! These cats put on a show fo'real and had some fly ass dancers. The club was jam-packed at 1:15am and people were still outside in line hoping to get in. I am proud of the owners for holdin' it down and giving us true music lovers a live club to kick it at in downtown Portland. Big ups also to the homies at the door, the bartenders, the DJ's and the MC's. See ya'll this weekend....I'M OUT!!!

## The Honey of the Month

This month, I had to give it up to one of the sexiest "Redbones" in the City. Her name is **Trinity** and she is definitely a "Honey!" One Love Girl!!! If you feel you should be a featured Honey of the Month, e-mail me at [whatzcrackin\\_j@hotmail.com](mailto:whatzcrackin_j@hotmail.com)

## Next Month

I'll have coverage of *Exotic Magazine's* Anniversary Party (OOOH-WEE)! I'll also be letting y'all know about whatz happening nationally in the music business as well as covering the local scene. Until then, "keep it crackin'!!!"  
I'm Gone!

# Another Lonely Night

With  
Flagstone Walker

Toe suckers unite! You have nothing to lose unless you want your quiet rapture to remain a secret reserved for the few who share your devotion to feet. A survey some years back noted only six percent of American men regard footsies as a hot zone. Perhaps this number has increased given the number of web sites devoted to foot lust.

One site, footlust.net, has a foot cam for live action and a foot chat room where you can meet like-minded friends who will offer to prance and flex their tasty toes for you. Or maybe a toe painting. Or service a stocking fetish. And the Dirty Feet of the Week feature will certainly be a turn-on. Many such sites exist. After logging onto footlust, my screen was inundated with so many offers for foot sites that it took me ten minutes to get rid of all the ads!

Seeking to discover the root attraction to feet, I sought out an explanation in *Diary of a Seducer* by the Danish philosopher Søren Kierkegaard. The book, written in 1843, is a thinly disguised diary of a young man with tastes much like the author who is best known for the "leap of faith" as a way to find God. Seems there's a leap after toes as well.

The young man writing the diary is concerned with the proper way for a young woman to jump down from the steps of carriages which are so poorly constructed the only graceful way to make this leap is to jump into the arms of a servant. Thus he decides to seek employment as a servant so he can easily "become privy to the secrets of such a young miss."

In his sweet unrest he discovers the woman's "pretty little foot, whose slenderness I have already admired" gives him a clue to her personality, for he looks at her foot philosophically and "draws definite conclusions from its shape." After surveying many such feet he finds "girls with small feet generally have a firmer stance than the more prosaic large-footed ones."

Kierkegaard's foot fetish seems quite healthy so let us turn to my favorite shrink, Dr. Wilhelm Stekel, for the darker side. Stekel is best known for his research into

the origins of S/M in the early 1900's.

One guy unloading on Stekel's couch said that when he was five years old he crept under his aunt's covers and licked her "ill-smelling feet." When his startled aunt asked him what he was doing he said he was pretending to be a dog.

The smell was as much of a turn-on as the feet. This carried with him into his teenage years when he sniffed around the bed of one of his parent's servants, a cook, and found "the odor of dried bits of feces in her linen and the taste of yellow spots in the coverlet excited me terribly."

During World War I he visited a brothel as most soldiers do and had a particularly exciting experience with a girl named Anastasia, who revved him up by boxing his ears. Then he discovered something even better. He'd lay on the bed with his head bent over the edge and his mouth open. Anastasia would "place her naked foot in my mouth with a demand I lick her toes. Her feet had no odor and were always kept clean. Finally she would stick half her foot into my mouth. Then I had her ride me on all fours through the room, while she whipped me on the buttocks. Next she urinated into my mouth and I drank the urine until I became nause-

"Start with a foot and see what happens? One thing leads to another."

ated, upon which she always made the attempt to defecate in my mouth, in which she never succeeded."

Start with a foot and see what happens? One thing leads to another.

Now we're in the Anything Goes century. Still, it may be that a lot of guys haven't figured out that babes want their toes sucked. A story in *The New York Observer* last year found some girls who can't get their boyfriends into it have to pay for it by seeing Jason for "sensual foot pampering." He charges \$40 an hour for house calls.

One woman who saw Jason said she felt like her "toes were having an orgasm, like I had ten penises and I was getting a blow job on all of them." Another woman said "one toe felt penis-like, one toe was more clitoris-like, and the pinkie one was kind of tickly." A third woman said Jason's "mouth and tongue were really talking to me, it felt like he was there."

As for vids, our editor, Viva Las Vegas, who shines the nails on her exquisite toes [enter color], wonders if the "nature of fetish makes the two dimensions of porn rather unsatisfying, like do you really need actual toes?"

My answer would be a resounding "yes," but given the proliferation of toe-sucking DVD's at your local dirty book store, quite a few guys feel otherwise. Gotham Gold Productions more than leads the pack with an ever-expanding series of lickings and suckings 'til the skin wrinkles on tiny toes. The latest in the series, *TOE TALES #73*, features the soft soles and tender toes of Angelique and Barbie Brooks getting devoured by foot slaves.

So, toe guys, with 73 Gotham vids available in the stores you can let all your restraints vanish and let your body quiver with ecstasy 'til you drop in the grave.

# BOOTSHINE!

There is no better people-watching spot than Burnside and SW 3rd Avenue. It's a crossroads of hipsters, bums, rockers, meat market shoppers, junkies, prostitutes and pimps. The Paris Theater is right there, with all its precious goth and metal kids. Transients bunk upstairs. I saw one of them eat it after one last glorious speedball. It's potent, pungent shit. It's a moveable feast. And a purrrfect place to get a bootshine.

Thank God for the incredibly handsome Mr. David, who recognized this straight away and opened a bootshine stand right outside of Voodoo Doughnut. David must've noticed all the not-so shiny shiny boots of leather walking into Dante's, Berbat's and the Paris night after night and saw that there was a clear and present need for his services.

It was only a matter of time before we crossed paths. On this particular night I was running late for a date, but when I saw David I stopped in my tracks. I desperately needed a bootshine.

David seemed to really appreciate my fishnets and insanely short skirt. I asked him how late he'd be shining.

"Until you come back! I don't care if it's 3AM—I'll be here!"

I giggled and stammered something unintelligible, and he responded with the best piece of advice I've ever received.

"Just go do whatchya wanna do, and keep doin' it 'til you're satisfied!"

Yes, sir!

A couple hours later I was happily ensconced in his blue patent leather throne, queen of the burnouts, holding court with Old Town's beatific freaks while David sprayed, brushed, lotioned, rubbed and buffed my favoritest Florentine boots until they reflected the moonlight like an oil slick. All sorts of Portland's grooviest Cool People paraded by, including Harvey Hardcock and his girlfriend Rosanna Arquette and later ELVIS! Voodoo Doughnut (the birthplace of the PMS doughnut, the Nyquil doughnut and the always popular Cereal doughnut) brought me a specially made cock-and-balls doughnut, the cock of which I happily devoured, saving the balls for Severina.

[Sadly these pictures were too pornographic to run.]

By the time David finished what he assured me was a labor of love, a small crowd had assembled, including an especially florid bum who had recently wet himself. I was so thrilled with my boots that I planted one on David, who one-upped me by full-on frenching me within an inch of my life. Now that's service! Meanwhile the bum informed Mr. Pink, the photographer, that he was going to go home and jerk off, then asked, "Can I cum on you?"

SW 3rd and Burnside, man. No place like it in the world.

# Smelly Sock Guy Speaks!

*Smelly Sock Guy has been a downtown legend for several years now. When I first met him at the rack at the Magic Gardens he was quite timid and easily pleased with frilly little white socks worn onstage. Now he's in the big leagues, buying table dance after table dance, inhaling deeply the aroma of your stinkiest socks and requesting you stand on his chest and exert as much weight as possible—for \$20+ a song. He also gives absolutely fabulous footrubs, and pays \$20 a song for those, too!!*

*Stripping is a hard job. Lovely stripper feet really start to hurt after sweating several hours in seven-inch heels. They start to stink, too. I can think of no better treat during a grueling five hour shift than to have a visit from Smelly Sock Guy, who asks me to sit down, take off my shoes, have a drink, let him rub my feet and then try to choke the shit out of him!! Really it is lots of fun. And quite a turn-on for me, too. Not to mention extremely profitable. Smelly Sock Guy is very generous, and to accept \$300 from him for foot worship sometimes seems like highway robbery. But of course we are all happy to oblige.*

**VIVA: Hello, Smelly Sock Guy! How are you? Has summer got you down, now that all the gals are going sockless in sandals?**

**SSG:** Summer is a double-edged sword. The flip-flop craze has gotten way out of hand and it seems like everyone AND their mother are wearing the little bastards. But then summer is a time when girls who do wear socks take off their shoes. It is very sexy to see a girl in public with socks on and her shoes off. Business women also tend to dangle or remove their shoes outside more often in the heat.

**VIVA: Are you into bare feet as well as stockinged feet, as long as they smell?**

**SSG:** I am into cotton socks and to some extent nylons. Bare feet can be attractive (nice polish, shapely feet, etc.), I just do not find any sexual attraction in them. Now socks, that's another story. If there were ten supermodels in bikinis and high heels walking around next to a punk rock girl with her boots kicked off, I would be staring at the boot girl's socks.

**VIVA: What exactly are you into? Is it the smell? Or is it feet? Or is it SOCKS?**

**SSG:** I am into smelling women's socks and watching women smell each other's socks. Nylons are okay, but thick

cotton socks are the best. I have also recently (within the last year) gotten into Trampling.

Trampling is where I lay on my back and the girl stands on my chest (in socks). The air is pressed out of my lungs giving a real light-headed feeling, then the girl puts her smelly socks over my nose. Unbelievable!

**VIVA: What if a gal's wearing socks onstage that aren't stinky, like Lucy Fur at Mary's Club, whose trademark is a variety of nifty knee-highs?**

**SSG:** I love the look, but the fetish is the smell. Although I always tip the girls in socks better.

**VIVA: If you found a girl's stinky sock on the floor, would you pick it up and sniff it ecstatically? Or must she be wearing it?**

**SSG:** Depends. If I knew who the sock came from and I would be attracted to her then I would smell it. But I would not go after just any old sock on the ground. I have bought socks from dancers and girls on the street before. If the socks smell good I take them home and my wife will wear them for me during sex.

**VIVA: When and how did your fascination with stinky socks begin?**

*by viva las vegas*

## “Struggling to breathe through smelly socks while coming is very intense.”

**SSG:** I actually spent some time in therapy for this as a child and I have a good idea.

When I was a baby I used to pull on my hair. My parents put socks on my hands to prevent this and get me to stop crying. During this period my parents reported that I would often rub myself with my sock-covered hands.

When I was ten years old, I remember having a crush on a fourteen year old girl named Stacy D. I would follow her around and carry her books and stuff. She was also my first kiss. We used to go to the back stairs at school and she would take off her shoes and have me smell her socks. Her friends would be there and they would laugh and tease me.

Growing up I would masturbate with girls' socks and it was known that I would give foot rubs to any girl who asked. In 7th and 8th grades I smelled a lot of socks.

At one point my parents found out and took me to counseling. After months of discussing ways to cure myself, I realized that I didn't want to change. I love socks. It doesn't hurt women or myself, so why should I change? So I guess the counseling did help me after all.

**VIVA: Were you shy or ashamed initially when you'd ask strippers to wear their socks onstage? You seem to have come out of your shell quite a bit in the few years I have known you.**

**SSG:** At first I was very shy. I just watched the dancers (although I have a sock fetish, I am not blind to beautiful women!). Gradually I got to know a few of them and asked a couple of my favorites to take off their boots and dance in socks.

I guess it was at Dino's Club where everything 'took off.'

I would come in around lunch time and sit at the bar, the girls would sit on the stage and take off their shoes. They would spend the whole set putting their feet over the bar in front of my face. Over time the feet started coming closer and then touching my face.

Enter Union Jacks and the beautiful Goth girls and their wonderful table dance area. Table dances changed my life. The girls keep their clothes on and just sit back and put their feet in my face. The contact is amazing, the smell is awesome and the women are great. They get to relax, keep their clothes on and the ones who want it get paid to receive a foot massage.

**VIVA: Describe your favorite stinky sock encounter.**

**SSG:** My favorite encounter? Hmm, well my favorite series of encounters was with a dancer named Kitty at Magic Gardens. She was the first dancer to stand on my chest in a club. God that was so hot. Kitty has great socks and a perfect body.

I remember looking up when she was first trampling me and she was biting her lip just staring at me with this sexy look. The red light from the table dance area was behind her head, her hair was glowing red, her face was all shadow and her eyes were staring into mine. She did everything right. She would push down with her feet to take the air from my lungs, then move her socked feet to my face so I had to breathe through them. Even now it turns me on thinking about it.

My best non-trample encounter was a couple of years ago with a girl from Union Jacks. She was a hardcore Goth and did not have smelly socks, but she said she had a pair of tights with her that she wore all the time. She came out with a pair of black and white striped pantyhose. They were pull-ups (over the crotch) that she wore daily as part of her non-stripper life.

OMG! The smell was so fucking perfect. It was amazingly strong. The smell I like is the smell of a woman's body. I do not like dirt, mud or wet shoes. I like the smell of socks inside boots when a girl wears them a lot.

She just sat there smoking and grinding her feet into my face. She asked me about the fetish a little and then kinda shrugged and just let me play with her feet for the night.

**VIVA: Does your wife know of your kinky pastime? Does she support it or indulge you with her own smelly socks?**

**SSG:** My wife knows. When we first

got married I let her know that was a part of me that I was not ready to give up. I was making great money at work and had enough to spend and she did not mind.

She wears her socks for a week at a time. Socks are a big part of our sex life. She smells her own socks when she is coming (she takes them off during sex and holds them to her face or my face). She is an amazing woman.

She also likes the sex when I come home. I never do anything sexual with the dancers. No kissing, no fondling, no nudity during dances. It is all just the socks, so that makes my wife much more comfortable.

### **VIVA: What is your ultimate smelly sock fantasy?**

**SSG:** Actually my wife and I have been talking about this. My fantasy is one woman dominating another and making them smell her socks. The wife wants to try bondage and has no problem smelling another girl's socks.

The wife and I are talking about hiring a girl to participate with us. The woman we hire would keep her clothes on at all times; I would not touch her except to smell her socks. The wife would be tied up and the woman would dominate her with her feet. I would perform oral on my wife and have sex with her while the woman shoves her socks in our faces. The wife also wants to try having a woman in panties sit on her face smothering her while I

**SSG:** Socks are always a part of my sexual activities, but limiting oxygen while being aroused is amazing. The trick for me is to limit the amount of breathing (through socks over the face, girl standing on chest, girl sitting on face). It's like doing 'rush' drugs. When a girl is on your chest pressing down and restricting your breathing for several minutes and she suddenly gets off, the oxygen hits your brain and it is amazing. Add a safe level of alcohol and the experience is even better, your inhibitions are gone, your dick is rock hard and you just have to get home and fuck your wife for a couple of hours.

Let me clarify. **DO NOT EVER CHOKE YOURSELF ALONE AT HOME.** Everything I am talking about requires a safe, sane partner. Tying a towel around your neck while jerking off alone will get you hurt. Do some Internet searches before you ever try something new.

eat her out. She is getting into the breath play as well. Struggling to breathe through smelly socks while coming is very intense.

**VIVA: Lately you've been increasingly into asphyxiation. What is the turn on? And again, are feet required?**

## feet are the new SEX organ in foreplay

by nichole l. reber

Does she think of you as a sexual "heeler" or a selfish prick? Disguise foot massage as foreplay and she'll deem you a sexual god. A creative session of hands-to-feet leads to better sex that she feels from her toes to her pretty little head.

"I am putty in a man's hands if he gives a good foot massage," says Elizabeth, 24. "I'll keep any man around who can give a good rub."

How often can a guy expect to work this magic? Most women like their feet pampered at least once weekly for about 15 to 20 minutes. Some want it after a good workout, after wearing "fuck-me" shoes, or after they've been on their feet for a long while. Equate your level of appreciation for blow jobs with her appreciation for foot jobs. It's that simple.

Massage therapist Patrick Massengale has plenty of experience with getting the ladies to melt. He has some suggestions for your commencement into suggestive foot massage.

1. Before you begin, warm up massage lotion or oil and sit facing the bottom of her foot.

2. Hold her foot firmly but not tightly, rubbing the tender tissue of the top. Work the deeper tissues of the bottoms of her feet with a firmer rub, like kneading, to prevent tickling.

3. Dig your thumbs in with some pressure and draw them up the center of the bottom of her foot until you reach the balls of her feet.

4. Draw your thumbs out to the side with the same amount of pressure. Repeat. Move to the sides of her feet and repeat until you've worked on the entire bottom of the foot. The bottom of the foot is the biggest part of the massage, guys. Take it from Tessa, 35, whose man gives her regular foot jobs. "The best

part of a foot massage is when my man works my arches," she says. "That stretches them out and makes them feel better."

5. Treat the feet like you've just discovered a new sex organ. Wrap your fingers around the toes and rub up and down, much like giving yourself a hand job. Just don't jerk too quickly. "I like when he takes my toes and stretches them, rotating them gently. When he puts my toes into his hand and curls them down and in toward the bottom of my feet, it sends shivers down my spine!" says Tessa.

6. Blow a nice breath of warm air on her feet occasionally to amplify her sexual stimulation.

7. Let her hear your long, slow, deep breathing.

8. Holding onto the ankles, gently rotate each foot around like a clock, and then back and forth like a see-saw from two to four times.

9. Run a strong thumb along the middle of the bottom of her foot. Christie, 28, says she likes "when he uses his fist to run up and down the sole of my foot." (Gives new meaning to the term fisting, huh?)

10. Go up the Achilles tendon to stimulate her sexual organs. North of the foot, you're on your own.

11. Using the same types of motions makes her want more. Tessa definitely agrees with this one.

Massage doesn't just stop at the foot unit itself—mit must be combined with the calves and inner thighs, she says. "This way, the foot massage connects your feet with other sensual areas of the body."

Now for the sticky issues.

*Smelly feet?* Douse those dogs by sudsing her feet in a

# "Equate your level of appreciation for blow jobs with her appreciation for foot jobs. It's that simple."

large bowl of warm, soapy water with a little scented oil in it, Patrick recommends. Or maybe she'll want to take a bubble bath or a long, relaxing shower after her hard day at work. Or... show-er together.

*Ticklish?* Difficult to gauge if you don't know the chick well. Prevention: Start off with a firm, but not hard, touch. "You can be a little more aggressive than you would with, say, her breasts, to break the ice," says Gino, 29. "If you accidentally tickle and she's playful, that's also a good sign of what will come," he says. "But if you tickle and she's not playful, that means you're not getting anywhere anyway."

*Sighs and moans.* How do you know when to start inching your way north? "It's all about feel and response," says Gino, who claims to "give good foot." "The term 'Ohmygod' comes to mind. Also, facial expressions are a good clue. You get her eyes rolling, she unintentionally sighs, she moans." Chicks appreciate a guy taking time to do this instead of rushing through the motions to get what he wants. "It's certainly lead to grateful acts on my part. I have long toes that are flexible like fingers, so ... use your imagination," says Tessa.

*Toes.* Lisa, 29, remembers an ex-boyfriend who put some kinky stuff into his foot massages. "He got his whole mouth involved, which was very good," she says. "It's wonderful to have your toes sucked. However, not all women like their toes mouthed. For Tessa, it's off limits, a "no-fly zone," she says. "It reminds me of dogs. It's a turn-off if there ever was one!"

Almost every woman appreciates a little sole to sole. Try it and watch how she reciprocates! X

## GOT A FETISH FOR FEET?

*Feet are a classic fetish. In fact, for some women, foot massage as foreplay invokes a foot fetish.*

*A fetishist isn't just someone who blows it over a pair of shoes, dressing in drag, or being a dominatrix. Sexologists explain that typical fetishists are into inanimate objects, like whips, chains, or shoes. But a lesser known kind of fetishist gets off with animate objects such as body parts. For example, Eve, 28, gets off with any kind of sexual activity involving her feet.*

*"A few years ago I learned how much I like feet through a foot massage," she says. "Whatever my boyfriend does to my feet gets me hard. I get so excited that I can hardly contain it. I almost lose control. Eventually I turned foot massages around on him in a rather interesting way. Now we both enjoy feet."*

*How does her man feel about that?*

*"Well, he doesn't get into like I do but he lets me have fun," says Eve. "He'll lay there with a funny smile on his face while I go at it."*

*Sex aside, fetish originated as a religious word, signifying a religious or magical object found in certain African and other non-Western cultures. In 1888, Dr. Alfred Binet started using the word to mean "objects which could arouse intense sexual interest."*
